

(Table 5.2) Course unit description

Study program: Economics and business management			
Type and level of studies: Master academic studies			
Course unit: Economic inequality and social exclusion			
Teacher in charge: Milena Jovanovic- Kranjec, Nemanja Lojanica			
Language of instruction: English			
ECTS: 8			
Prerequisites: /			
Semester: Summer Semester			
Course unit objective: The aim of the course is to meet students with concepts of social inequalities, poverty and social exclusion from the perspective of unequal distribution of economic resources. Thereby, the goal is to develop student's skills for measuring and comparing inequality, poverty and social exclusion at the national level and worldwide as well.			
Learning outcomes of Course unit Students will be able to theoretically and operationally define the concepts of economic inequality, poverty and social exclusion, as well as to explain statistical indicators on economic inequality and poverty. Students will be able to identify and analyze the essence of economic underdevelopment, as well as to interpret findings of empirical studies.			
Course unit contents Social and economic inequality; Inequality of labor income; Inequality of capital ownership; Global inequality of wealth in the twenty- first century; The poverty (concept and measuring); Gender, economic inequality and the feminization of poverty; Strategies for poverty reduction; Social exclusion.
