

Study program: Class Teacher Education, Preschool Teacher Education, Boarding School Teacher Education
Type and level of studies: Master studies, second cycle degree program
Course unit: Integrative English Language Teaching
Teacher in charge: Jelena Josijević, PhD, Assistant Professor
Language of instruction: English
ECTS credits and course status: 6 ECTS, elective
Prerequisites: Advanced level of English (B2-C1 CEFR)
Semester: Winter Semester (I)
Course unit objective: Developing student teachers' competences: to plan content and language integrated learning (CLIL) courses and cross curricular activities as learning situations for very young learners (VYL), and to apply CLIL in teaching English in primary school; to reflect on and evaluate their own teaching aiming to improve it by developing pedagogical techniques, using authentic printed materials (graphic novels) and technology to achieve teaching objectives and enhance language and 21st century skills of the learners.
Learning outcomes of Course unit The student will be able to: view language as a system and apply language learning theories and the principles of constructivism and post-method pedagogies in CLIL planning and teaching; use appropriate strategies to integrate curricula content into teaching English as a foreign language in primary school and for creating learning situations for VYL; plan units for teaching with graphic novels and picture books; apply a project-based approach for YL and VYL; use strategies to develop 21st century skills with his/her learners (critical and creative thinking, collaboration and intercultural communication skills); use a reflective approach to develop self-evaluation and collaboration skills, as well as classroom research skills.
Course unit contents <i>Theoretical classes</i> Language as a system and language learning theories; post-method pedagogy; universal design for learning (differentiation, individualization, inclusion); communicative competence; strategic competence (reading strategies); constructivist learning theory; learner- and learning-based curriculum; planning CLIL approach and project-based learning; principles of thematic planning and creating thematic unit plans (CLIL, CBI, 4C's, TBI, TU); development of visual literacy; development of intercultural sensitivity and communication; development of global citizenship and tolerance; application of technology and multimedia in CLIL; authentic children's literature and cultural content in CLIL; selection, design and adaptation of teaching and learning materials; reflection and self-evaluation; qualitative linguistic research. <i>Practical classes</i> Micro-teaching focused on reflection and self-evaluation. All student teachers plan and record three CLIL micro-lessons. Independent work on planning a thematic unit (portfolio).
